

SOCIAL MEDIA AUDIT

Is your social media working for you?
A clear review of what's working,
what's not, and what to do next.

WELCOME

Hi!

I'm Marina, and this is the audit I run when I start working with a new client. It looks at your profile, your content, your audience and your numbers to show what's working for your business and what's quietly holding it back.

Here's how it works: There are five areas, each scored out of 5. For every area you'll see what to check, plus an example of the kind of thing I usually find. At the end you'll add up a total out of 25 and choose the three priorities to tackle first.

Be honest with your scores. A low number isn't a judgement. Most business owners run their social media on top of everything else, and it shows up in the same few places. The good news is that those places are fixable.

Knowing what to fix is the first step. Having the time and a plan to fix it is the second, and that's where I come in.

ABOUT ME

I'm Marina, founder of The Gemini Social. I help small businesses share their message with clarity and confidence. With six years of experience across media, community engagement, and social media, my work blends strategy and storytelling to help your brand be seen and understood.

THE AUDIT

Five areas, each scored out of 5.

1: needs urgent attention.

3: the basics are covered.

5: working hard for the business.

01 Profile Review

Bio, photo, link and highlights.

Score: ____ / 5

- Can a stranger tell what you do, and who for, in 5 seconds?

Example: The bio lists services but never says who they're for.

- Is there one clear next step: book, shop or enquire?

Example: The link goes to the homepage, with no way to book.

02 Content Audit

What gets posted and what it asks for.

Score: ____ / 5

- Which posts earned saves, shares and comments, and why?

Example: The top 3 were all reels showing a face.

- Is there a mix of teaching, connecting and selling?

Example: 9 of the last 12 posts were product shots, and only 2 asked the reader to do anything.

03 Audience & Engagement

Score: ____ / 5

Are the followers the people who buy?

- Do followers match the ideal customer: age, location, interests?

Example: 62% of followers live outside the area the business serves.

- Are comments and DMs answered, and how quickly?

Example: 5 enquiries sat unanswered in DMs for over 3 days.

04 Performance Metrics

Score: ____ / 5

The numbers that lead to enquiries.

- Reach, engagement and profile visits over the last 90 days.

Example: Reach is up 20% but profile visits are flat.

- Link clicks, enquiries and bookings that came from social.

Example: 14 link clicks in 90 days, and nobody tracks bookings.

05 Consistency & Strategy

Score: ____ / 5

A plan, or posting when there's time?

- How often is content going out, and are there gaps?

Example: 11 posts in one month, then 3 weeks of silence.

- Are there content pillars, a calendar and a goal for each post?

Example: No pillars or calendar. Posts get made the night before.

YOUR SCORE & NEXT STEPS

Add up your five scores for a total out of 25.
Then choose the three fixes that will move things fastest.

Total score: ____ / 25

21–25: Strong. Refine and scale what works.

13–20: Good bones, but leaking opportunities.

5–12: Foundations first. Start with the profile.

Example: $1 + 2 + 3 + 3 + 2 = 11 / 25$

Example priority: Rewrite the bio, add a booking link.

YOU'VE GOT YOUR SCORE. NOW WHAT?

An audit shows you what's off. It doesn't give you the hours to fix it. If you'd rather hand over the plan, the content and the follow-through, I'd love to help.
